Given we've completed our responsibilities for the week, we reserve Friday for *Reflections* and our *Cosmic Social*. To end our week positively, we shake it off while caring for our environment with our ever so famed *Dance Party Clean Up!*

Though we usually stick to the schedule above, any moment may change dependent upon the energy levels of the community, special events, deeper interests, or spontaneous activities brought on by our studies! *Follow the child!*

*“Education is a natural process carried out by the child
and not acquired by listening to words but
by experiences with the environment.”*
